REPUBLIC DAY CELEBRATION – January 26th, 2024

Students Council

**India's 75th Republic Day celebration was celebrated with much joy and enthusiasm on
26th January, 2024.**

**In a world and age where everyone is constantly trying to stand out and prove to be
different from the rest, JGMM Medical College's spirit was found to bind people in
similarity to their love for the nation.**

The event commenced at 9:00 am with Niharika GM and Aadarsh Pawar, our joint General Secretaries taking up as the main MCs and the welcome speech by Unnati ma'am, our general secretary.

This was followed by welcoming our dignitaries and unfurling of the national flag by Dr. MG Hiremath sir, our beloved principal, along with the esteemed department HODs and professors.

Soon after the sun shone brightly through the Ashok chakra of the waving tricolor, the high walls of the institution witnessed echoes of our national song and the National anthem in all glory as the Professors, students, admin staff and everyone else stood uniquely United.

A prideful address by Principal sir on this huge occasion where he taught us the true essence of being an Indian was followed by a short speech signifying Republic day celebration by Ankita Tiwari.

Like every year it was mandatory to follow the tradition of honouring the toils and Triumphs of students in various competitions which included sports, academics and cultural activities.

The token of appreciation and recognition was not only inspiring for everyone but also showcased how our nation, at a broader level is immensely talented and there is no goal unachievable, if we put our hearts to it .

What one would call "the fun part", began shortly after and anyone who attended the event would agree that the cheers and claps were synced with our heartbeats, and blinking wasn't an option.

A melodious song by Dr Ranjana Ranade Madam was a wonderful start to the program.

The freshers batch unarguably stole the show and their performance was a reminder that JGMMMC's legacy is the best hands and the next batch will outshine the previous ones.

Their seniors, were nothing but proud at this sight.

There was a melodious group song performance by BTP students who sang their hearts out and every breath of ours harmoniously rhymed with "Jai hind".

The group dance performances made everyone want to shake a leg or two on the beats of patriotic Bollywood music.

The celebration was completed with a vote of thanks delivered by Aashi Gupta, the joint academic secretary, after which the gathering was dispersed for high tea.

Everyone left, with memories and pride in their hearts.

The celebration was successfully carried out due to the combined efforts of the college authorities, very supportive staff and enthusiastic students who not only actively participated, but also dedicated the previous day to preparations and handmade every inch of decoration the campus used.
